

Due to the success of the IDL Cloud programme in school over the last two terms we would like to invite parents to share our success and now offer support for children at home.

The programme meets the needs of all areas of Literacy with a very clear focus on Spelling.

If you are interested in learning more about IDL Cloud and have a commitment to supporting your child/children at home we will be holding two sessions in school to provide detailed information.

Wednesday 22nd March at 6:00 pm

Friday 24th March at 9:30 am

If you wish to attend please email school with your interest and preferred date parents@harden.bradford.sch.uk or alternatively sign up at the school office.
