

26th September 2017

Dear Parents/Carers,

We have been very fortunate in being awarded a grant from the Education Funding Agency (EFA) to replace part of the school roof, fascia boards, soffits and guttering; as we have been struggling for several years with leaks in some classrooms. This work will begin on 2nd October 2017 and is expected to last between 8 and 10 weeks.

This work should cause minimum disruption to the day to day running of the school but will be hugely beneficial when completed.

The contactors will be using part of the staff carpark for their welfare unit and site entrance therefore ensuring that work men will not need access to school facilities.

If you have any questions about this project then please make an appointment to see me.

Yours sincerely,

Kirsty Hutchinson

Headteacher
