

Year 5 Homework Project

The first homework project of the year is to support our *Ancient Greece* topic. We will be learning about the famous historic buildings, where they are, why they were built, who used them etc.

Your task is to find out about the Parthenon and recreate it! You can choose to draw it (pencil, computer), paint it, build it or a different way if you choose. You can be as imaginative as you like but please remember that we will need to display these in the classroom so don't make them too big.

Please could you bring your homework in to school on Monday 31st October so that we can present them in class. I will really look forward to seeing your efforts.

If you have any questions about the project, please don't hesitate to contact me.
