

Dear Parents/Carers,

The children have made fantastic progress towards either their National Curriculum award or their Personal Survival award.

If your child is in the National Curriculum group (they will NOT have been taking pyjamas/clothes swimming) then they will continue to work towards their National Curriculum award before moving on to Personal Survival.

If your child is in the Personal Survival group (they WILL have been taking pyjamas/clothes swimming) then they will be tested on Tuesday 9th May. For their test, they will need:

- swimming costume or trunks
- towel
- 2 long sleeved pyjama tops/2 long sleeved tops
- 1 pair of pyjama bottoms/1 pair leggings

During the test, the children will **NOT** be allowed to use their goggles. They will also be asked questions from the survival sheet that they were given to revise on (last term).

The children who pass their Personal Survival Test will then move on to work with the diving instructors. Any of the children who do not pass, will continue to work on this and be retested, giving them the opportunity to gain their award.

If you have any queries about this, please don't hesitate to contact me.

Kind regards

Miss C Hall
