

19<sup>th</sup> January 2017

Dear Parents

To support our current topic on Space, I would like to take the Year 5 pupils to the STAR Centre in Keighley on Monday 13<sup>th</sup> March.

I feel that year 5 would love to become Space Cadets for the day. They will commence their space adventure in the Briefing Room before moving on to Mission Control and the Cosmodome; they will tour the Solar System, view the night sky and try to identify the star constellations.

The Space Cadets will continue their journey by travelling into space on a shuttle. Upon landing they will enter the laboratory to help consolidate their work on Earth, Sun and the Moon before launching virtual rockets.

The Space Cadets will journey on to the Astrobotics Room to participate in robotics investigations and have the opportunity to dress in space suits in preparation for their visit to the planet's surface, practise space walking and collect rock samples.

As you can see, the STAR Centre provides an action packed day with links to the different curriculum areas that year 5 have been studying and would be a great experience and offer a practical, hands-on science opportunity.

The cost of the trip is £15.70 per pupil. All monies should be paid by Friday 17<sup>th</sup> February.

By paying/contributing to this trip, you are consenting for your child to attend. Alternatively please complete and return the slip below.

Payment can be made by exact cash or cheque (in a named envelope) or alternatively by BACS / Internet banking: Sort Code: 30-63-55 & Account Number: 67896568 (Lloyds Bank, Keighley).

If we receive insufficient contributions, then unfortunately this trip will not be able to go ahead.

Yours sincerely

Miss C Hall
