

Dear Parents/Carers,

For those of you who don't know me, I'm Mr Weston the current Year 6 teacher and will be again for the next academic year. Next year will actually be my 16th year in education (that took some working out!) I graduated from Trinity & All Saints College (University of Leeds) in 2001 and then spent my first year of teaching back home in a school in Aintree, Liverpool. After taking a year out to travel the world - a once in a lifetime trip I'll never forget! I then found myself working in a wide range of schools throughout Leeds before becoming employed at Woodlesford Primary School, where I spent 7 very happy years. I came to Harden just after Easter 2011 and apart from a brief spell where I was seconded to Priestthorpe Primary as their temporary deputy headteacher, have been here ever since.

Outside of school it will come as no surprise to you that I love to both watch and/or be involved with various Sports. Although more recently I seem to spend more time on my hands and knees playing these with my son Josh and little girl Grace (who are now 8 & 6 respectively)

Finally, I just want you all to know that I really enjoy being a teacher and I especially love doing so in year 6. I love the more mature nature of the children in this age group & feel like my personality and outlook is a good match for it too. Everything I do next year will always be done to ensure that your children: enjoy learning, work hard, collaborate well, and are polite towards everyone they come across. So, with these as the core values I'm sure that this will enable them to have a great year 6 whilst also hopefully ensuring a smooth transition up to high school next September too.

Kind Regards

Mr Weston
