

WHAT PUPIL PREMIUM FUNDING?

The Pupil Premium is funding provided to schools which is additional to main school funding. It is allocated according to the number of pupils on-roll who have been eligible for free school meals (FSM) within the last 6 years. Pupil Premium payments are also allocated to children of service families and pupils who are ‘Looked After’ (in care) or adopted.

It is for schools to decide how the Pupil Premium is spent, since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility.

Schools are to be held accountable for how they have used the additional funding to support pupils from low-income families. This report aims to clear information regarding how the pupil premium was spent in the last financial year (2018/19) and the impact of this funding.

At Harden Primary School we have focused the use of Pupil Premium funding to raise the attainment of disadvantaged pupils of all abilities and to close the gaps between them and their peers. Our analysis of individual pupil performance and knowledge of our curriculum provision has shaped how we spend pupil premium monies to maximize positive and effective outcomes.

PUPIL PREMIUM FUNDING IN 2018/19

Harden Primary School attracts a small Pupil Premium funding allocation in comparison to schools within the local district and Bradford area. Funding is based on information taken from the January 2017 School Census. Pupil Premium is split into 4 main areas, Free School Meals (Ever 6), Looked After Children & Children previously in care, Service Children (Ever 5). The areas attract the following funding:

Rates for eligible pupils	Pupil premium per pupil
Pupils in year groups reception to year 6 recorded as Ever 6 & FSM	£1,320
Looked-after children (CLA) defined in the Children Act 1989 as one who is in the care of, or provided with accommodation by, an English local authority	£1,900
Children who have ceased to be looked after by a local authority in England and Wales because of adoption, a special guardianship order, a child arrangements order or a residence order (PLAC)	£1,900
Pupils in year groups reception to year 11 recorded as Ever 5 Service Child or in receipt of a child pension from the Ministry of Defence	£300

CLA & PLAC funding is allocated by a local authority (not necessarily Bradford) and each authority has its own funding stipulations and may 'top-slice' a percentage. Therefore figures for LAC funding may differ from the amount per number of children to the total amount received by the school.

The CLA & PLAC premium must be managed by the designated virtual school head (VSH) and used for the benefit of the looked-after child's educational needs as described in their personal education plan.

Children who have ceased to be looked after by a local authority in England and Wales because of adoption, a special guardianship order, a child arrangements order or a residence order receive the full funding allocation.

PUPIL PREMIUM FUNDING BREAKDOWN 2018/19	
No. of children on roll at HPS as at January 2018	202

SUMMARY OF IMPACT OF PUPIL PREMIUM GRANT SPENDING FOR OUR PUPILS

Evidence has shown that the pupil premium grant funding has had a positive impact for pupils at Harden Primary School. Our aim for 2018/19 was to raise standards for our pupil premium children in reading, writing and maths across the school. The opportunity to continue having an additional part time teacher in Year 6 has had a positive impact on pupil

premium children and hopefully this will give them an equal, if not advantageous, start to their secondary education this September.

Small group interventions have diminished differences between pupil premium and non-pupil premium children across the year groups, which is evident from all our pupil's performance.

Pupil premium children are all offered the option for funded after school activity clubs, which otherwise would have been unaffordable by the families. A number of pupil premium have attended. This funding has been applied to after school activities for SEN pupils with additional medical needs to enable those children to take part.

Families in receipt of FSM have taken the opportunity for funding towards the logo school uniform.

The school has continued to financially assist the cost of residential visits for pupil premium pupils.

The teaching staff, including the Headteacher have continued to work with the pupils to explore areas of concern and to help pupils develop coping strategies which will prove to be a good life-skill throughout their lives.

Many of our pupil premium families have accessed additional support from our SENCO, alongside the class teachers and the Headteacher.

We will continue to work with our pupil premium children and families to allow each child to grow in confidence, progress at an accelerated pace, raise their attainment and to support extra-curriculum activities in order to close the gaps between pupil premium pupils and non-pupil premium pupils.
