

Friday 13th November 2020

Dear Parents/Carers,

I hope you are all well. I'm incredibly pleased with the way that Year 6 have settled back into school life after such a disruptive time over the first lockdown.

As I'm sure you're aware, this is the last year of primary school for your child and a very important one. During this year, our aim is to get them ready to meet the challenge of transition to secondary school; there are many ways in which we will do this.

From next week, we will be sending home Rising Stars Revision books (Maths, Reading and GPS) as a homework task for each child to complete. The task, page number and completion date will all be recorded in the front cover of the book and posted on seesaw. Your child will be given up to a week to complete each task (these are usually a page long); they shouldn't take longer than 20-30 minutes to complete. If you or your child feels that they need further support with a task at any point, please catch myself or Mrs Buckroyd via email or in the playground to discuss this. The task will usually be marked in class with the children on completion day therefore, it is important that they have their completed work with them on the day.

These activities books have been chosen to offer the children the opportunity to get used to homework and meet deadlines with a purpose to consolidate and support their learning at home.

Kind regards

Miss Hall and Mrs Buckroyd
